Compare multiple quotes side by side and identify hidden costs before booking.

1. SIDE-BY-SIDE COMPARISON MATRIX

Cost / Service Component	Quote 1	Quote 2	Quote 3
Provider Name			
Base Assembly Rate			
Internal Accessories Fee (Drawers, Rails)			
Wall-Anchoring / Safety Safety Brackets			
Floor Leveling / Shimming Fee			
Congestion Zone / Parking Fees Included?			
Total Bottom-Line Price			

2. CRITICAL VERIFICATION & HIDDEN COST AUDIT

- ☐ **Confirm Flat-Rate vs. Hourly Billing Structures**
Ensure your quote is a guaranteed fixed rate. Hourly quotes can quickly spiral if an uneven floor profile or a complex coving cut causes unexpected delays during assembly.
- ☐ **Verify Mandatory Anti-Tip Safety Anchoring Fees**
Check if heavy structural wall anchors are bundled into the base rate. Some providers charge safety anchoring as an expensive hidden accessory fee onsite.
- ☐ **Audit Parking and London Congestion Surcharges**
Explicitly ask if clean-air zones, ULEZ, or local borough parking permits are covered in the quote breakdown, or if they will be added directly to your final bill.
- ☐ **Check Compensation and Public Liability Cover**
Ensure the company holds comprehensive damage insurance. If a heavy panel handles rough alignment and cracks your plasterboard wall stud, you must be fully protected.
- ☐ **Validate Workmanship and Joint Adjustment Guarantees**
A professional service guarantees its builds. Confirm they provide at least a 12-month policy covering sagging drawer tracks or twisted door hinge alignment errors.
